These programs are under the John Muir Health HELP program and are listed below.

Patient Assistance Program

John Muir Health funds a patient assistance program that may cover all or part of your hospital bills. Your eligibility is based partly on your household income.

To qualify, you must meet one of the following sets of criteria:

A. You must have no insurance or other third party that will pay all or part of your hospital bill. You also must have a family income at or below 400% of the Federal Poverty Guidelines based on members of the household.

Or

B. You have some form of third-party insurance coverage, but you do not receive a discounted rate from John Muir Health because of that coverage.

Also, your annual out-of-pocket costs for medical expenses must have exceeded the lesser of 10% of your household family income in the past 12 months of application or your current family income and you must have a family income at or below 400% of the Federal Poverty Guidelines based on members of the household.

You will have to complete the Patient Assistance Application form and submit the required documents:

- Tax return for the year in which the patient was first billed; or 12 months prior to when the patient was first billed
- Or
- Pay stubs within a 6 month period before or after the patient is first billed by the hospital for each Family member.

To obtain an application for this program or to receive a copy of the John Muir Health Charity Care Policy, call the billing office customer service line at **(925) 947-3336** or visit johnmuirhealth.com/patienthelp.

Payment Plans

A monthly, interest free payment plan is available to help patients pay for their medical bills. When determining the amount of the monthly payment plan, your financial responsibilities and family income will be considered, along with other pieces of information.

Uninsured Patient Discount

Uninsured patients do not have medical insurance through a third party payer coverage. For our uninsured patients, John Muir Health offers a substantial discount off the billed charges. This discount is automatically applied to the uninsured patient bill.

Medi-Cal Eligibility Services

While John Muir Health is not a contracted provider with any State Medicaid program, we do accept payment from the program for patients who are enrolled and receive outpatient emergency services at one of our medical centers. We also participate in the presumptive Medi-Cal program.

In addition, John Muir Health has free, onsite eligibility services to help patients who may qualify for Medi-Cal with the enrollment process.
